All ordered prints are extensively retouched and worked to create the look and style Ellen is known for. Each picture, no matter what size, is turned into a work of art through a variety of artistic techniques. Distracting elements of the background will be removed. Creative cropping, coloring, and retouching is essential to achieving the best possible portrait and is included in the pricing. Your retouching requests are welcomed.

## Wall Portraits

All wall portraits are printed on canvas, mounted on masonite, and coated with a protective finish for the maximum quality and longevity. Customers may request alternative finishes or mounting materials at no additional charge.

Size	Sample Uses	Price
30x40	Behind a couch, or in a room with a high ceiling	\$1025
24x30	Above a mantle, or on a large wall	\$785
20x24	Above a side board, or in a collection on a large wall with smaller images on either side	\$465
16x20	On a small wall, or as a collection above a headboard (one for each child)	\$350

Ideal size is determined by the space in which the portrait is to be hung. Although suggestions are given above, you will get the best guide by cutting out a blank piece of paper and trying it in the proposed location.
